

Clusters and Cybersecurity

Be Wiser outlines Europe's Cybersecurity Challenges

Wednesday, June 22nd 2016, Bled, Slovenia

The Be Wiser Final Conference “Clusters and Cybersecurity - Be Wiser outlines Europe's Cybersecurity Challenges” will take place in Bled (Slovenia), on Wednesday, June 22nd.

The Conference focus is on the main two pillars of the project: Cluster (morning session) and Internet Wireless Security (afternoon session). Beside some very interesting presentations related to project results, we will also invite relevant speakers in the fields and organize productive round table discussions.

The Conference will take place in the framework of the Bled eConference entitled "Digital Economy" (<http://bledconference.org/>). Registration to the “Digital Economy” conference give **free access** to the “Cluster and Cybersecurity” conference and the Final Conference of the UPSIDE project (“[High Capacity Digital Societies - Make it Happen](#)”, June 21st).

If you would like to participate to the “Cluster and Cybersecurity” conference **only**, please register at: projekte@cyberforum.de, the first 50 places are free of charge!

Don't miss this opportunity, join us and widen your network! Get in contact with researchers, cluster experts and managers, business and public administration representatives.

This project has received funding from the European Union's Seventh Framework Programme for research, technological development and demonstration under grant agreement no. 319907
